SensiDO Simplex Bonder Conditioning Mask

INCI	EXPLANATION
Aqua / Water	Solvent.
Cetearyl Alcohol	Forms the viscosity of the product.
Glycerin	Glycerin, moisturizing solvent.
PPG-3 Myristyl Ether	Hair detangling and moisturizing light oily ingredient.
Behentrimonium Chloride	Effective verstaile condition agent which softens hair.
Amodimethicone/Morpholinomethyl Silsesquioxane Copolymer	Silicone which detangles and provides color protection, does not weigh down fine hair. Makes hair silky soft and shiny. Provides thermal protection.
Dimethicone	Silicone, which improves spreadability and feel of the product on the skin and hair. Aids hair managebility and gives shine.
Argania Spinosa Kernel Oil	Argan oil is absorbed by the hair strand and due to its versatile composition it adds shine, softness, strength and protection on damaged hair. It revives in particular treated, colored and dry hair repairing split ends. It will also provide thermal and UV protection. A powerful antioxidant. Skin-friendly.
Bis-4-PCA Dimethicone	Innovative bifunctionalized silicone polymer which has a specific length with (PCA) Pyrrolidone carboxylic acid. The specific chain length of the silicone polymer makes it 10 times more active and efficient than the regular PCA Dimethicone. That is why it protects and repairs the hair from bleaching and coloring procedures as well as reinforces protein bonds of keratin, resulting in a better quality of the hair fibre. The unique structure of the silicone polymer, due to its high affinity to the hair shaft, restores disulfide bonds of keratin and rebuilds the hydrogen bonding of the hair. The silicone polymer also restores the natural hydrophobicity of the hair shaft which is lost during coloring and bleaching processes.
PCA Dimethicone	Conditions and moisturizes hair effectively, adds shine, makes hair velvety soft, improves wet and dry combing and manageability.
Caesalpinia Spinosa Fruit Pod Extract / Caesalpinia Spinosa Fruit Extract, Helianthus Annuus (Sunflower) Sprout Extract	Powerful antioxidant elixir for hair. Makes hair beautiful and shiny. Protects your hair from free radicals and physical stress. Protects hair against heat, urban pollution and UV stress. Repairs chemically treated hair. Prevents the color fading of hair. Restores the resilience of hair.

Finnish hair professionals

Polyquaternium-22	Deeply conditions hair without buildup, adds luster and a soft, silky feel, improves shine and slip for easy brushing, helps hold curls without flaking, and protects color.
Quaternium-91, Cetrimonium Methosulfate	Cationic hair conditioning agent. Improves combing, leaving hair soft and protects hair from mechanical stress like combing.
Isopropyl Palmitate	Light oil. Enhances hair shine, detangles and smoothes hair without weighing down fine hair.
Isostearyl Isostearate	Light oil. Enhances hair shine, detangles and smoothes hair without weighing down fine hair.
Octyldodecanol	Light oil. Enhances hair shine, detangles and smoothes hair without weighing down fine hair.
Octyldodecyl Myristate	Light oil. Enhances hair shine, detangles and smoothes hair without weighing down fine hair.
Polyquaternium-53	Makes hair color longer lasting, conditions and detangles hair, eases combing.
Hydroxyethylcellulose	Thickener, gelling agent
Trideceth-5	Emulsifier, surface active ingredient
Ethylhexyl Methoxycinnamate	Cationic hair protective UV filter.
Butylene Glycol	Moisturizing solvent
Propylene Glycol	Moisturizing solvent
Caprylyl Glycol	Improves also product shelf-life.
Hexylene Glycol	Moisturizing solvent
Disodium PEG-12 Dimethicone Sulfosuccinate	Hydrotrope, dissolves hydrophobic compounds in aqueous solution.
Polysorbate 20	Contributes to the solubility of the raw materials
Ethylhexylglycerin	Preservative efficacy booster.
Phenoxyethanol	Preservative
Sodium Benzoate	Preservative
Lactic Acid	pH adjustment
Aminomethyl Propanol	pH adjustment
Isopropyl Alcohol	Volatile raw material solvent.
